Being part of the Advanced Personal Fitness Trainer Course, working in the gym/club environment will provide fresh personal trainer graduates an opportunity to be familiar with the real working environment and the operation of the fitness centre. In the process of the internship program, you should aim at:

- Learning and experiencing what is required in becoming a personal trainer
- Understanding the possible career path and personal/business development opportunities in a commercial fitness center
- Gaining knowledge and experience in how to get started as a personal trainer
- Gaining experience in how to prospect and approaching gym users, both in person and by phone
- Attaching an experienced personal trainer and observe how a PT session is conducted

To complete the internship programme, students must follow the instruction to finish all the tasks 1-7 in the internship workbook and have the ‘Evaluation form’ and ‘Confirmation Letter’ completed and signed by the fitness centre/club manager/supervisor. Finally, students must bear in mind the internship programme is a part of the training to be awarded the certificate. No payment will be paid for the internship programme.

Objectives

In the process of doing this workbook:

- It helps review most of the aspects of the certification course in a practical setting
- It helps related topics that you have learnt in the lecture to real life
- It gives you the confidence and understanding of the responsibilities of a professional personal trainer

Usage Guide

1. To be familiar with the workbook content and the type of information before you start the programme
2. At the start of programme, hand in the reference letter and performance assessment form (p.19-22) to your supervisor and make sure he/she will arrange at least 1 hour to provide the information required
3. Ensure to take this workbook every time you attend the internship programme for completion of tasks
4. Let the questions and instruction in each section guide you to what has to be done
5. Should you require additional space, use separate sheet(s) of papers.
6. This workbook does not carry any mark; however, it can reflect your understanding of the course materials and your responsibilities of what it takes to be a professional personal trainer. Therefore, you must complete all the required tasks (1-7) before you can take the certification of the course.
7. The Internship Programme ‘Evaluation Form’ and ‘Confirmation Letter’ are included in this workbook. Please remember to complete them with appropriate authority (Signature of fitness/club manager or supervisor).

Chapter 1: Starting the fitness career (Tasks 1 to 3)

Learning Objective

After finishing this chapter, you should be able to:

- Realize your strengths and weaknesses
- Equip and prepare yourself for the fitness trainer career

TASK 1 : Self-analysis

Get yourself ready and know your strengths and weaknesses

The career path and avenues into fitness instruction or personal training vary in different trainers. The only means to expand your business is to equip yourself. Grade yourself 1-10 (10 is the highest) and write down your strengths and weaknesses in each of the following items and think of how you can improve each of them.

	Score
A. Knowledge:	_____
B. Experience:	_____
C. Communication and Presentation:	_____
D. Service and attitude:	_____
E. Skills and Techniques:	_____

1.1 How would you plan to improve the above item ?

Knowledge	Strength: Weakness: Improvement:
Experience	Strength: Weakness: Improvement:

Communication and Presentation	Strength: Weakness: Improvement:
Service and attitude	Strength: Weakness: Improvement:
Skills and Techniques	Strength: Weakness: Improvement:

TASK 2 : Career Path and Personal development

Formulate your career path and personal development by prioritizing 6 specializations below and use approximate 100 words to describe why you would like to study further that specialization.

Medical Related :

- Posture Enhancement & Recovery Specialization/ Rehab Training Specialization/ Special Population Specialization

Fitness Related :

- Martial Arts Specialization/ Core, Muscle Conditioning & Functional Training Specialization/ Performance Enhancement Specialization

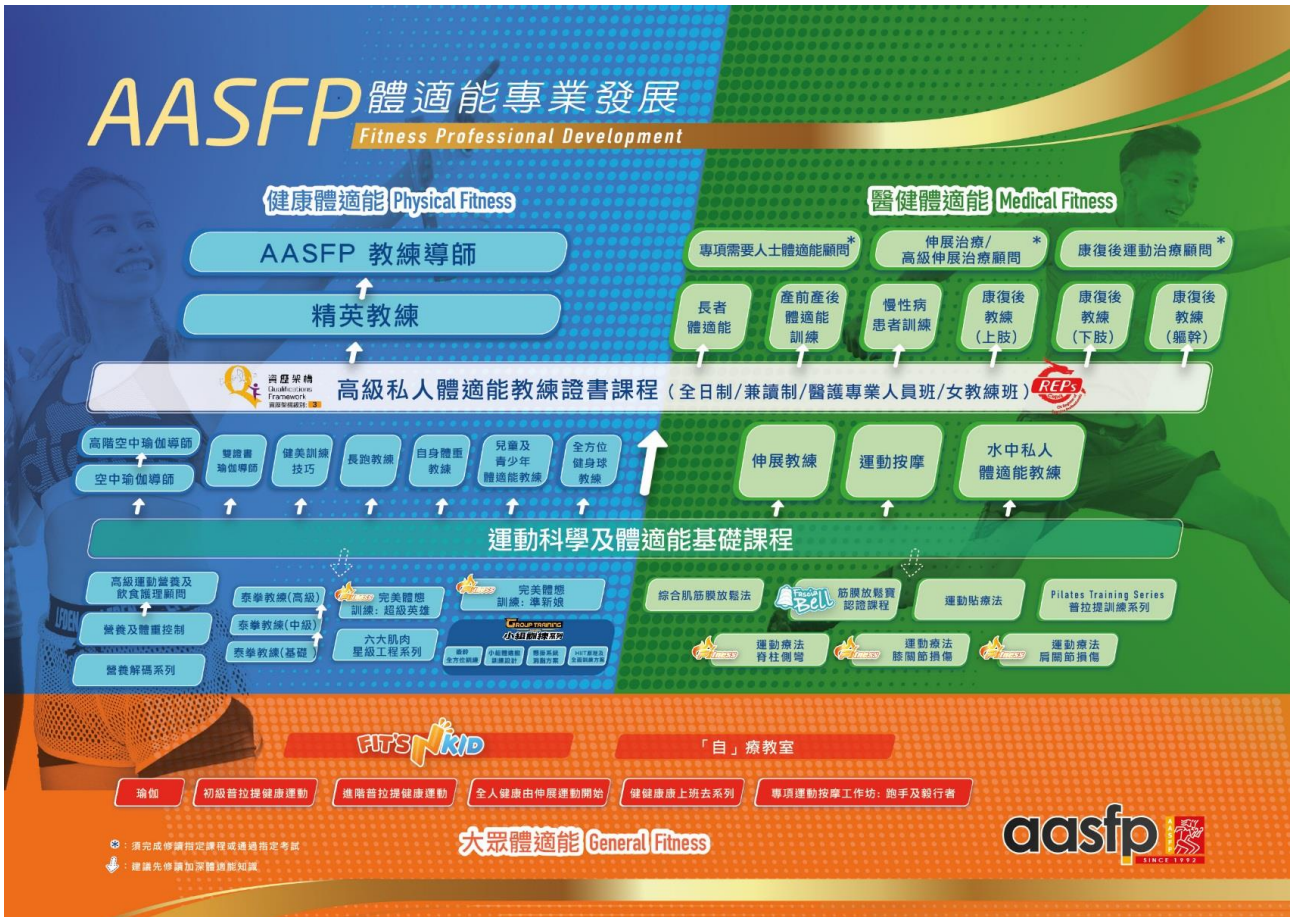

Example :

The sequence of interested specializations :

- Rehab Training Specialization— >Special Population Specialization— >Performance Enhancement Specialization— >...etc

Rationale (such as market needs) :

- Office workers cause muscle overuse due to bad posture. If the neck and back overuse become chronic pain, it may affect the quality of life. In addition to the constant use of electronic devices, desk workers who suffer neck pain and back pain will gradually increase. Therefore, Rehab Training Specialization is an important part for the general public.

2.1 How do you formulate your career and personal development ?

The sequence of interested specializations :

Rationale (such as market needs) :

TASK 3 : Promote your own business

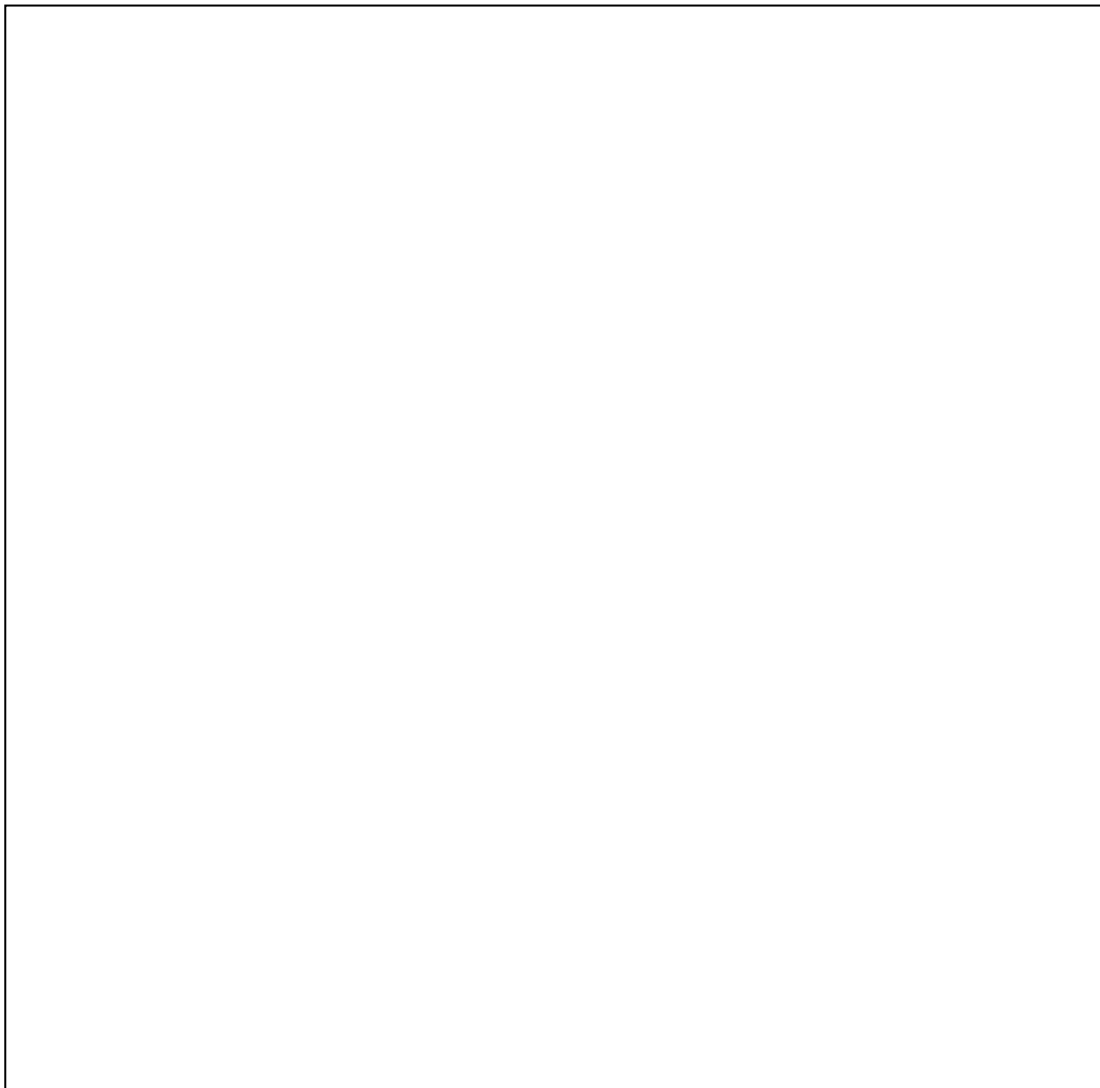

Design your own business card in the following space. It can be a good template for you in the future. Your design **MUST AT LEAST** include the following (*else you need to redo the task*):

- **Logo designed for yourself**
- **Name and contacts (telephone and email are the musts)**
- **Trainer certification and certified by which organization**
- **Others related qualifications**

Or

If there is a social platform such as Facebook or Instagram, you are currently using to promote your business. You may screencap your account profile and provide the website in the following space.
